This policy should be read in conjunction with specific medical guidelines/policies on

- Medical Care Policy
- First Aid Policy
- Accident Reporting Policy
- Management of care for pupils with asthma
- Management of care for pupils with severe allergies
- Management of care for pupils following concussion or suspected concussion
- Infection Control including body fluid spills & needle stick injuries
- Professional registration and revalidation for nurses

Scope

1. Summer Fields School has approximately 335 boys aged 4-13 and 155 employed staff. There is a legal requirement to ensure that the School has adequate first aid provision appropriate to the environment and activities undertaken both on site and when away on school sports or trips.
2. This policy and guidance directs the School's approach to analysing the risk and resultant first aid needs. It directs the production of a Risk Assessment to inform the planning for first aid cover and distribution of first aid kits.
3. Provision of primary health care within the School is covered in a separate policy and procedures. The first aid cover for specific activities and locations outside of the normal school routine will be covered within the associated risk assessment and identified within the control measures. The direction for this is covered in Summer Fields Health and Safety Policy.

Objectives

4. To ensure that adequate first aid cover is available to both staff, pupils and visitors in accordance with regulatory requirement and the School's first aid needs assessment.
5. To ensure that the School meets its legal responsibilities.

Guidance

6. The Headmaster, Operations Director and Head Sister will have responsibility for the implementation of this guidance.
7. **Headmaster** will.
 - Ensure that there are sufficient resources and priority placed for the adequate provision of first aid to the School.
8. **Operations Director** will:
 - Maintain the Summer Fields First Aid Policy and Guidance.
 - Maintain the Summer Fields First Aid Risk Assessment.
9. **Head Sister** will:
 - Conduct and review the School's First Aid Needs Assessment, informed by the First Aid Risk Assessment. To include:
 - First aid provider requirement by ratio and by activity.
 - First aid training plan.

- First aid kit distribution plan.
- Maintain first aid kits.
- Coordinate first aid training.
- Adjust the risk assessment and control measures based on accident and injury analysis.

10. **School Staff will:**

- Undertake first aid training to a level appropriate to their role and responsibilities.
- Know where the first aid kits are located.
- Administer first aid appropriate to their training.
- or know the location of the nearest first aid provider.

Guidance on When to Call an Ambulance

11. Call 999 in a medical emergency, when someone is seriously ill or injured and their life is at risk. Medical emergencies can include:

- loss of consciousness
- an acute confused state
- fits that are not stopping
- persistent, severe chest pain
- breathing difficulties
- severe bleeding that cannot be stopped
- severe allergic reactions
- severe burns or scalds

Call 999 immediately if you or someone else is having a heart attack or stroke. Every second counts with these conditions. Also call 999 if you think someone has had a major trauma. Major trauma is often the result of a serious road traffic accident, a stabbing, a shooting, a fall from height, or a serious head injury. If in doubt call 999 and request an ambulance.

Ensure there is someone at the main entrance to direct the ambulance to the sports field.

First Aid Needs Risk Assessment

12. The First Aid Policy and Guidance will be reviewed annually.
13. The First Aid Needs Risk Assessment is to be reviewed annually included at Appendix A to the First Aid Policy and Guidance.
14. The First Aid Kit Distribution plan is to be reviewed annually and attached at Appendix B to the First Aid Policy and Guidance.
15. The First Aid Provider Requirement and Training Plan is to be reviewed annually and attached at Appendix C to the First Aid Policy and Guidance.

Maintenance of First Aid Kits

16. Static first aid kits are to be checked termly. First aiders are to inform Hobsons of any significant use or on noticing that they need replenishing.
17. Portable First Aid kits are to be checked before issue to trip or team takers who are then charged with the responsibility for their safe return.

Accident Reporting

18. Accident reporting is to be in accordance with the School Accident Policy.

Appendix 3

Summer Fields First Aid Provider Requirement and Training Plan

Provision of First Aid

1. **Rationale.** The number of first aiders and level of first aid training is determined by the size of the pupil and staff population, the nature and size of an event and whether the event takes place on or off the school site. The table below lists the requirements for First Aid.

School Activity	Level 3 First Aider
In school - day	1 (Nurse), teachers x6,
In school - night	1 Hobsons (Nurse), lodge parents,
On-site high risk sports match; e.g. rugby, football	2 Pitch side
On-Site but remote activity / Sport; e.g. Golf, Shooting etc.	1 Hobsons
Out of term time office hours	2 Housekeeping staff
Large events on-site; e.g. fireworks, sports day etc.	1-2 at event or 1 at event & 1 in Hobsons
School Trip - remote UK	Ideally 1 on trip
School trips abroad	Ideally 1 on trip
Local school trip or away match	Ideally 1 on trip

First Aid Training Plan

2. **Rationale.** The level of first aid training required is determined by the severity of the risk of accidents and injury, the nature of the pupil/staff population, the frequency and type of accidents experienced and the nature of the activity/sport/trip undertaken on & off-site.
3. **Level 3 Training.** Level 3 training is required by Sisters who provide first aid cover to the school during the day, at rugby matches and large events. Lodge parents are also qualified in Level 3 Emergency first aid. Emergency first aid training is also recommended for staff who accompany pupils on trips abroad and to remote areas. Level 3 and Emergency first aid training is provided externally and the qualification is renewable every 3 years. Level 3 training is also recommended for admin/maintenance staff who work outside of term time.
4. **Training Coordination.** First aid training is to be coordinated by the Head Sister with training records retained by the HR Manager, as at September 2022 the school had the following first aid trained personnel. For accuracy the names are maintained on the staff training data base.
 - 28 First Aid level 3
 - 6 Emergency First Aid in Sport
 - 10 Paediatric Emergency First Aid level 3 (Pre-Prep)

Rational - First Aid Cover Required For	Level 3 First Aid Training
Hobsons	All Sisters
Lodges	All lodges
Trips abroad	Trip Taker x 1
Remote UK trips	Trip Taker x 1
Evening / weekend cover	Hobsons staff
Rugby match takers	
Holiday cover	Housekeeping staff x 2
On-site remote sport
